SAO STRIKES

New Terror Hits Algeria

ALGIERS (Reuters)—The terrorist Secret Army Organization today launched a new wave of shootings, bombings and kidnappings in Algeria.

After the quietest Sunday this year in Algeria, the Secret Army today wounded five Moslems with plastic bombs, a grenade and a sub-machine-gun attack and got away with 219,900 new francs (\$19,800) in three armed robberies.

Three Moslems were wounded when a grenade was thrown into a Moslem store on the fringe of the Casbah, another in one of six plastic bomb explosions, and a fifth by a sub-machine-gun burst fired from a car as the grenade - throwers sped away.

However, the French Army—in the midst of a stepped-up drive against the terrorists—announced it had captured 38 members of a 100-man Secret Army commando unit which attacked three army command posts in western Algeria last Wednesday.

The army said seven officers, including a top leader identified as Lieut. Delhomme, were captured when the army counter-attacked after the Secret Army captured the three posts. Five heavy machine - guns and at least 15 other automatic weapons were taken from the terrorists.

The army high command said ex - Colonel Jean Gardes, sentenced to death in absentia for his part in last year's abortive Algerian military coup, led the gang that attacked the three posts.

The army said the raiders occupied the posts briefly, seized arms and tried to convert the Harkis (Moslem Army auxiliaries) and villagers to their cause, but a right-wing national assembly deputy persuaded the Harkis to remain loyal, escaped and warned the detachment at Orleansville.

Security forces backed up by aircraft re-captured the posts.

Mac Breaks A Tradition In Vote-Getting Drive

LONDON (AP)—Prime Minister Macmillan broke British political tradition today and went electioneering in behalf of a struggling Conservative in the industrial north of England.

It was an act of political daring since Macmillan is risking a hard blow to his prestige by intervening personally in a special parliamentary election in Stockton on Tees.

But the prime minister made it known he intends to try to turn what looks like a lost cause into victory for his hard-pressed Conservative party. Tory morale is at low ebb after a series of defeats in special parliamentary elections.

By tradition British prime ministers never go campaigning in these local contests to fill vacant seats in the House of Commons.

Macmillan has special links with Stockton, having represented it in Commons for 20 years until 1945.

ENOJOYS CHAT
Macmillan strolled elegantly through the bustling main street waving to passersby and enjoying a spot of backchat with a small but amiable crowd. He beamed when someone shouted: "Good old Mac."

Girls' Band Triumphant On Return To Vernon

VERNON (Staff)—Vernon band was Eca Lewis-Girls' Trumpet Band returned triumphantly today after a division junior and senior competitions in Seattle over the weekend.

The band placed first with 100 per cent for general appearance. The inspection was made by the United States army; second in the bugle division with 28.2; the Pasco Washington Boys' Band with 28.6 and placed third in drums with 22.8. Pasco band won the drum section.

But star performer on the band for general effectiveness.

FALSE ALARM PANIC: H-BOMBERS SET TO GO

Pilot Dies In Kootenays

NELSON, B.C. (CP)—The pilot of a light aircraft died early today as he was being carried by rescuers from the scene of a crash, 100 miles northeast of here.

Ken Thomas of Fairmont Hot Springs, B.C., died as a rescue party was making its way back to a waiting car three miles from the mountainous area where the plane crashed Sunday.

Two other occupants of the single-engine plane, Lloyd Wilder and Murray Henderson, both of Windermere, were not severely injured.

RCMP said both wings were ripped off by trees in the heavily wooded area near Radium in southeastern British Columbia.

NAMES IN NEWS

Pugh Picked To Fight Election

David Pugh, Progressive Conservative Member of Parliament for Okanagan-Boundary, has been nominated to fight the coming federal election.

Mr. Pugh told 125 persons at the party nominating convention in Penicton, Saturday the Progressive Conservative government may have fallen short of its aims sometimes, but it has made tremendous strides in strengthening Canada's economy.

Air-Vice Marshal Sidney Richardson Carlyle Nelson, a Canadian, has been named director-general of the Royal Air Force Medical Services in London.

Prince Charles, 13-year-old heir to the British throne, Sunday night said farewell to his classmates of the last five years as he left Cheam preparatory school to start at Gordonstoun, the Scottish private school.

The Duke of Edinburgh arrived at Kingston, Jamaica, en route home in easy stages at the end of his two-month South American tour. He left Rio de Janeiro Saturday by plane.

Health Minister Dymond, pointing to an apparent connection between smoking and lung cancer, said Sunday at Niagara Falls, the Canadian Cancer Society must accelerate its educational program, especially among young people.

Arthur Smith, Conservative member of Parliament for Calgary South, said Sunday in Ottawa he would be happy to sponsor a private member's bill to set up a hospital sweepstakes in Canada.

Floods Cut CNR Line

MONCTON, N.B. (CP)—Floodwaters of the Memramcook River cut the main line of the CNR south of here today, stopping all through rail traffic to and from Nova Scotia.

Railway officials said water rose over the tracks near College Bridge, about 14 miles south of here. The line was expected to be blocked until sometime Tuesday.

U.S. Still Hopeful On Test Ban Move

GENEVA (Reuters)—American delegate Arthur Dean told the 17-nation disarmament conference today that the United States still hopes Russia will "heed the wishes of mankind" and agree to an effective nuclear test ban treaty.

52 Reds Slain

SAIGON (Reuters)—Government troops killed 52 Communist guerrillas in a weekend at a base about 150 miles south of Saigon, the official Viet Nam Press news agency reported today.

STILL LOVES HIS POOCH

Young Doug Bulwer, 4, of Vernon hasn't lost his faith in dogs despite a vicious mauling the lad received from a neighborhood Boxer late Friday afternoon. Without apparent provocation, the Boxer struck a group of children playing and attacked the young boy. He was rushed to hospital and received 13 stitches above the right eye and stitches below the left. The left eye was also lacerated. Recovering nicely Doug stands with his own pet "Porky."

Indian Affairs Inquiry Ordered at Fort Nelson

FORT NELSON, B.C. (CP)—Indian Commissioner J. V. Boys has launched an investigation into the administration of Indian affairs in northeastern B.C. following charges of neglect and mismanagement.

The B.C. Indian commissioner met with civil officials, Friday following charges of neglect and mismanagement.

Mr. Boys said in an interview he will investigate all the allegations—including one of misuse of treasury funds, and was

ENDERBY MAN IN HOSPITAL AFTER CAR CRASHES IN DITCH

ENDERBY—One man may have a broken neck following a car crash four miles northeast of here Sunday.

Frank Duteau, of Enderby, passenger in a car driven by another Enderby man, Joseph Soronchenski, is in Enderby Memorial Hospital today with injuries to his arm and the possibility of more serious injury.

The driver was only shaken and slightly bruised in the accident when his car apparently rounded a dangerous corner and crashed into a ditch. The car was completely wrecked.

A third passenger believed to be a resident of a Vernon Indian Reserve was reportedly uninjured.

The accident occurred around 3:30 p.m.

Hoffa Hits Political Road In Blast At Administration

DETROIT (AP)—Teamsters day night, let go with a salvo on Michigan state and national politics before an audience of more than 2,000 union members.

DRIVE is the teamsters' newly announced Democratic-Republican - Independent Voter Education program through which Hoffa says he hopes his steel negotiations in what he called a "political manoeuvre."

The union chief, opening his union's DRIVE movement Sunday, said it represents more than 15,000,000 votes.

'America Under Attack' Story Revealed In Omaha

OMAHA (AP)—A false signal at the height of the Berlin crisis last fall indicated the United States might be under attack and H-bomb-loaded planes prepared for takeoff, the U.S. Strategic Air Command said.

Maj. John J. Oswald of the public relations staff said lights on a signal board at SAC headquarters here indicated something had gone wrong with the early warning radar system in the Arctic.

"We contacted the Ballistic Missile Early Warning System (BMEWS) at Thule, Greenland, and learned it was still there and had not been attacked. Then we knew it was a communications problem," he said.

The alert, he added, lasted a "matter of seconds."

The SAC statement Sunday night confirmed most of a copy-righted story Saturday by the Washington Star that SAC bases around the world were notified and planes prepared for takeoff.

Oswald said the alert lasted a "matter of seconds" and not four minutes, as the newspaper reported.

DENIES FAILURE
At Colorado Springs, Colo., Sam West, North American Air Defence Command director of public affairs, contended that communications failures have never caused a false report in the vast NORAD system.

Oswald called it a matter of "compatibility of terms" and declined further comment.

Washington Star reporter Richard Fryklund wrote: "The four harrowing minutes that the alert lasted revealed a flaw in SAC and Air Defence Command communications. But it also showed that the safety devices that control our retail-

factory forces do work and it proved for the first time that SAC actually has half its bombers on effective 12½-minute alert."

Fryklund's account continued: It was 5 a.m. at Omaha. Suddenly lights on a signal board indicated that something had gone wrong with BMEWS.

COULD MEAN ATTACK
SAC officers understood that the signal could mean the Arctic radar stations had been destroyed by the enemy.

If it was the start of an attack, SAC had only minutes to act. Enemy intercontinental ballistic missiles could land on the United States within 15 minutes of the time they crossed the Arctic.

The officers informed the boss of SAC, Gen. Thomas Power, and started a check with Air Defence Command headquarters in Colorado Springs, Colo.

The lines to Colorado Springs were found to be dead.

There could be two explanations for the dead lines and the signals on the display board. Either an attack was under way or there was a foul-up with the equipment.

Both explanations seemed unlikely. There were no intelligence reports of Russian preparations for a strike. At the same time, duplicated — even quipped — electronic circuits made it impossible, in theory, for communications to be cut simultaneously with BMEWS devices that control our retail-

Accidents Claim 36 Lives Over Weekend In Canada

Traffic accidents accounted for 27 of the 36 accidental deaths reported across Canada during the weekend. Five provinces were free of fatalities.

In a Canadian Press survey from 6 p.m. local times Friday to Sunday midnight showed for Newfoundland, Prince Edward Island, New Brunswick, Manitoba and Saskatchewan without accidental deaths.

Quebec led the toll with 16 deaths, 15 of them on the highways and the other an asphyxiation.

Eight of the highway victims were members of two families who died when a car was struck in two by a CNR locomotive at a level crossing near Drummondville.

Ontario reported 11 deaths, seven on the highways and four in a fire. There were three traffic fatalities in Alberta and one each in Nova Scotia and British Columbia.

One person drowned in Nova Scotia and another died in a mishap in British Columbia. Two persons died of carbon monoxide poisoning in Alberta.

The survey does not include natural deaths, industrial accidents or known suicides.

Eight Die In One Crash

DRUMMONDVILLE, Que. (CP)—A Sunday visit to relatives turned into Quebec province's biggest single traffic tragedy of the year Sunday when eight members of two families were wiped out in a car-train collision.

A car driven by Michel Fortier, 24, was struck in two by a freight train at a level crossing near Drummondville, 85 miles northeast of Montreal. He and seven others died.

Another head-on collision involving a car and a truck, also on the March 18 election day, killed three people and injured 10 others.

The Peronists meanwhile continued to sit quietly on the sidelines, waiting until the new administration lays down a policy before they determine their own strategy.

In Rome, meanwhile, the Argentine ambassador to the Vatican, Santiago E. Fraga, announced his resignation. A brief announcement gave no explanation, but presumably it was a result of Frondizi's ouster.

Diplomatic sources said Argentina's ambassador to Italy, Gen. Hector Solman Pacheco, had also resigned.

New Argentine Leader Tries to Sew Up Cabinet

BUENOS AIRES (AP)—President Jose Maria Guido today neared completion of a patchwork cabinet to get the stalled Argentine government machine going. But he faced major roadblocks ahead.

The quiet, diminutive chief executive, who moved into the presidency after the ouster of Arturo Frondizi, has filled all cabinet posts except foreign relations, economy and the three military secretaries that operate under the defence ministry.

Guido's selection of a cabinet — after four days of effort — still left him with the prospect of an unfriendly congress when it reconvenes May 1. Most politicians turned a deaf ear to a plea for a political truce by the armed forces chiefs who ousted Frondizi and imprisoned him.

Though Guido is a leader of Frondizi's Intransigent Radical Party, the party's central committee was bitter at the military domination of the government and declared: "We came into working coalition but they

showed no sign of getting together."

Another headache confronting Guido is whether to recognize the March 18 election victory of adherents of deposed dictator Juan D. Peron, the issue that brought down Frondizi.

WANTS PERON OUT
The majority of the politicians — including those for Intransigent Radicals — favor giving the Peronists the five state governorships and the 43 congressional seats they won last month. The military is determined to keep the exiled Peron and his supporters out of political life even though they polled the largest vote in the March 18 election.

Even if the Peronists were allowed to take their seats in congress, anti - Peron forces would muster a majority if the Intransigent Radicals and the opposition Popular Radicals patched together some kind of working coalition. But they

ON GUARD IN TENSE BUENOS AIRES

Argentine capital of Buenos Aires is still tense following last week's coup. Here soldiers mount guard at the general post office. President Guido has assured the military—the real bosses of the country—that he will co-operate to the fullest extent in maintaining law and order.

Ontario's Crime Probe Reaches High Places

By JOHN LEBLANC
TORONTO (CP) — Fact and rumor, allegations and denials in connection with reported government links with organized gambling are being aired before an Ontario royal commission on crime, which has just completed its first full week of hearings.

Names of politicians reaching as high as retired premier Leslie Frost have been mentioned before the inquiry being conducted by Mr. Justice W. D. Roach of the Supreme Court of Ontario.

Mr. Frost took the witness stand to deny knowing anything about a particular gambling club or any government activities in connection with it.

The evidence has at times been a confused tangle, some of it being relayed at third or fourth hand and the commission being forced to dig back to the original source, not always successfully.

The trend to date indicates the inquiry will be a long one, and no one connected with it will hazard a guess as to how long it might last. It could run up to a year.

KEPT CLUB OPEN?
In one connection or another, the inquiry has heard refer-

CROWD-SIZE APRIL FOOLS

VANCOUVER (CP) — About 400 members of Vancouver's Italian community gathered at the Great Northern Railway station Sunday to welcome Italian movie actress Sophia Loren.

A story in their community newspaper, L'Eco d'Italia said she would arrive at 4:45 p.m.

Peter Mori, editor of the newspaper, showed up at the station and told the gathering the story was an April Fool's Day gag.

Mr. Mori said his readers took the joke in good humor and went home.

N. Zealanders 'Blameless' In Riotous Party

AUCKLAND, N.Z. (CP) — Officials of New Zealand University's soccer team as claimed New Zealanders had nothing to do with damage done to a Vancouver millionaire's home during a post-game party.

Team manager B. Rope said on the team's return that, despite statements still being published in the New Zealand press the players had been exonerated.

Rope said full apologies for complaints against the New Zealanders had been published in Canadian newspapers.

C. Hogg, chairman of the New Zealand Rugby Union, said he had conducted a full investigation into the charges. He said it was a fact glasses were smashed, pies thrown and a butter insulted—but the culprits had been found to be Canadians.

"We left behind us a reputation which completely upheld the high regard held for New Zealand teams in Canada," Hogg said, "and we were shocked to learn on the way home that it was still believed in New Zealand that we had been responsible for the trouble."

Rope said most of the trouble happened after the team, which represented only a fifth of the guests, had left. The only incident in which New Zealanders were involved, he said, was when a British Columbia soccer official accidentally tipped over a table, breaking some glasses.

Vitamin-Packed Foods 'Alarming' — UK Doctor

By AL COLLETTI
ABOARD EMPRESS OF ENGLAND (CP) — The number of foods and food preparations in Canada that have excess Vitamin D added is "somewhat alarming," a leading child doctor said today.

Dr. William Cochran, associate professor of pediatrics at Dalhousie University, Halifax, told a meeting of family doctors aboard this Canadian Pacific cruise ship that despite readily available vitamins, there are certain vitamin deficiencies among children in various parts of Canada—particularly of thiamine, Vitamin B6, ascorbic acid and Vitamin D.

"It is also necessary perhaps that the physician be aware of the potential danger of excessive amounts of Vitamin D. In Canada it is somewhat alarming to record the number of foods and food preparations to which high percentages of vitamins have been added."

"It is now possible that young children may receive up to 3,500 international units of Vitamin D daily when their actual requirement is no greater than 400 international units."

Plea To Tell Youngsters Of Smoking-Cancer Link

By AL COLLETTI
ABOARD EMPRESS OF ENGLAND (CP) — Cigarette smoking is an important factor in the cause of lung cancer and doctors should urge young people not to form the habit, a leading Toronto surgeon said today.

"There is no shadow of doubt that certain people are susceptible and that the smoking of cigarettes is the important stimulating factor in the development of cancer," Dr. F. G. Kergin, professor of surgery at the University of Toronto, said in a paper presented to the sixth assembly of the College of General Practitioners of Canada.

"Putting it the other way, I am quite satisfied that if no one smoked cigarettes, there would be much less lung cancer."

Dr. Kergin noted that many of the doctors at the meeting, including himself, are habitual smokers.

"Perhaps in those of us who are middle-aged or more, it does not matter too much. We should, however, use all the influence of which we are capable to dissuade young people from taking up this habit."

BECOMES CHIEF KILLER
Lung cancer has become by a wide margin the most important cause of death from cancer in male patients in Ontario in 1959. One out of five cancer deaths among male patients was from lung cancer. In that year, 826 men and 118 women died of lung cancer in Ontario, Dr. Kergin said he reviewed

SPACE GIRL STARTS EARLY

ROCHESTER, N.Y. (AP) Fifth-grader Nancy Anne Holahan has written her congressman and volunteered to be the "first little girl in space."

"If a chimpanzee can be an astronaut, I don't see why I can't," the 10-year-old said.

Come as you are...
It takes only a minute
TB works in the Dark...

Tuberculosis is a sneaky disease. Its germs can lie inactive in a person's lungs for years and then, one day when resistance is low, the germs get to work to destroy precious lung tissue. The germs work slowly and quietly.

In the early stage, there is no pain, no serious loss of weight, or hacking cough... no sign at all to warn you that a serious disease has struck.

What to do: Have an X-ray so that doctors can study the photo of your lungs and have a TB skin test to find out if TB germs have ever entered your body.

Barons Dump Buffalo 5-3 Season Ends

By THE CANADIAN PRESS
Cleveland Barons, champions of the Western Division, Sunday night wound up the American Hockey League season with a 5-3 victory over Buffalo Bisons.

Fred Glover, Jim Mikol, Ed Mazur, Bill Sutherland and John Ferguson scored Cleveland goals. Glover's was his 40th of the season and his 402nd as an American Leaguer.

Wayne Hicks of Kelowna, Ron Ingram and Ian Cushman got the Buffalo goals in a roughly played contest.

In the other schedule—closer at Providence the Reds scored a 10-7 triumph over Quebec Aces.

The Reds finished the season in third place in the circuit's Eastern Division.

Jim Bartlett fired three goals in pacing the Providence attack. Orlando Kurtenbach and Ed MacQueen scored two goals each. Dino Mascotto, Stan Iak and Serge Boudreault the other Reds' tallies. Reggie Grigg and Danny Lewicki each fired two goals for the Aces.

Cleveland clinched first place Saturday with a 6-4 win over Buffalo at Cleveland.

MILITIA MARCH PAST THRILLING SPECTACLE SUNDAY

All three special survival training squadrons of the B.C. Dragons from Kelowna, Vernon and Penticton took part in Sunday's passing out parade in City Park. Reviewing the troops was Lt. Col. Allan Moss, commanding officer of the Dragons who took the salute from a special reviewing stand before more than 1,000 onlookers. The regimental pipe band was also in attendance for the afternoon parade and demonstration of various survival techniques taught in the course, third in the series operated by the Canadian Army.

80TH ANNIVERSARY

City Knights of Columbus Attend Vernon Ceremony

More than 75 candidates, including some 30 from Kelowna, were initiated into the Knights of Columbus Sunday at an impressive 80th anniversary ceremony held in Vernon.

Delegates from Kamloops, Revelstoke, Trail, Rossland, Penticton, Oliver, Vernon and Kelowna attended and took part in the ceremony which saw the first half being held in St. James' Auditorium and the major portion in Vernon's Scott Hall.

Kelowna Knights of Columbus, with a membership of some 250, was well represented both by members taking part and others attending.

VERNON HOSTS

Vernon hosted the affair which was topped off by a banquet and dance in St. James Hall following initiation ceremonies. More than 400 attended the dinner.

Following dinner, Vernon Mayor E. Bruce Cousins, issued greetings from the City of Vernon. R. H. Ducharme, Grand Knight of the Vernon council gave the welcoming address.

GUEST SPEAKER

British Columbia State Deputy Gordon Bregoliss of Kamloops, introduced by Okanagan District deputy Jack Bedford of Kelowna, was guest speaker.

Mr. Bregoliss spoke on the functions of the order and dwelled heavily on the "tremendous"

amount of work in charity and many other functions achieved by the Knights of Columbus throughout the continent.

He lauded the Vernon council for its work in staging the 80th anniversary banquet and initiation and went on to tell of the many aspects of the order.

The Knights of Columbus, with a membership of a million and a half on the North American continent, is the largest Catholic fraternal benefit society in the world.

Rev. Father N. Kenny of Vernon said Grace to conclude the dinner.

Rt. Rev. Msgr. J. Miles of Vernon and Rev. Father Thomas Flannery of Kamloops were both unable to attend.

The evening concluded with a social hour with music being supplied by the Don Ross' Trio of Vernon.

Oyama Bridge Taking Shape

The new bridge over the canal between Kalamalka and Wood lakes is now rapidly taking shape.

Last of the piles have now

been driven and the latest unofficial word is that some traffic may be able to cross the incomplete structure Tuesday or Wednesday.

Many Oyama residents, who for the past two weeks have been forced to make a 12-mile detour, will receive the news of the structural progress with broad smiles.

Peachland Irrigation Dist. Elects Two New Officers

At the annual meeting of the Peachland Irrigation District, held recently H. C. MacNeill was elected for a three-year term and Ray C. Harrington for a two-year term, to finish the remaining two years of A. E. Miller's term of office.

Mr. Miller, having disposed of his property, is no longer eligible for a seat on the Board. He has served the District as Trustee for 16 years.

Despite the 1961 season being one of the hottest and driest for many years, it was reported that irrigation service was continued until September 18.

Water was diverted from McDonald Creek through the diversion system to help maintain an adequate flow in Deep

ABOVE AVERAGE

Water content and depth of snow in the water sheds is well above average and no anxiety is felt regarding the filling of storages.

The rate of runoff will determine how early the storages will have to be opened, but it is expected that 1962 will be a good water year.

Although an increase in wages has been necessary, it is anticipated that no increase will be made in rates this year. It would appear that \$13 per acre will just meet renewals and repairs proposed for this season.

RENOMINATED

David Pugh, Progressive Conservative Member of Parliament for Okanagan-Boundary, has been renominated to contest the coming federal election. He was nominated at the party's convention in Penticton on Saturday. Stuart Harrison Smith of Kelowna was re-elected vice-president of the constituency association along with B. M. Clarke of Keremeos.

LEADER HERE

Dr. Robert Thompson, national leader of the Social Credit Party, is in Kelowna today on a brief stopover on his way to Penticton to speak at the SC federal nominating convention. Robert van't Hoff of Kelowna will seek nomination at the party to be held in the Penticton Legion Hall.

Westbank Plans Renewal Of Waterworks System

A plan for supplying additional water for domestic use, plus renewal of the existing distribution system without increasing taxes and tolls, was given overwhelming support at the annual meeting of Westbank Waterworks District held recently in the Community Hall.

Costs of such plan were quoted as over \$40,000 and under \$48,000, and its implementation would provide for future expansion of the water district.

Payable over a period of 25 years, the scheme as presented to last week's meeting, would obviate the necessity of a debt-referendum.

Rights on two springs in the vicinity of Powers Creeks have been applied for, and if granted by the Water Rights Branch, trustee will proceed with the proposed expansion.

100,000 GAL. TANK

The plan includes installation of pump and pipe-line at the spring mentioned, the raising of the spring-water to a 100,000 gallon tank, from which it will be fed, or relayed to a lower point. From this point the water will be fed, as required, to the

Residents Enjoy Weekend Weather

It was a fine spring weekend.

Skies were mostly clear Saturday and Sunday with a mite of cloud passing over the city late Sunday afternoon.

Temperatures were in the 50s both days.

Boat lovers took to the waves Sunday although there was a slight chop.

Noted were several city figures enjoying tennis at the city courts with their youngsters.

A small covey of senior citizens played outdoor checkers on the park checkerboard and swings and slides were packed with toddlers and perspiring parents.

Many citizens were just strolling.

LARGE CROWD

The army parade, of course, drew a large number of residents from all three Valley cities.

Convertibles were the order of the day.

Skies remained mostly clear in the interior this morning while along coastal regions, an extensive layer of low cloud moved in from the sea overnight.

A storm centred about 800 miles west of the Queen Charlotte Islands will bring rain and increasing southwest winds to the north coast but the cloud isn't expected to reach the southern interior.

In the Cariboo, skies are most-

THREE SQUADRONS COMPETE

Army Day Proves Big Success

April 1 was Army Day in Kelowna. More than 1,000 spectators in City Park watched three squadrons of the British Columbia Dragons from Vernon, Penticton and Kelowna put through their paces with precision and alacrity.

The passing out parade, reviewed by Dragons Commanding Officer Lt. Col. Allan Moss, saw 180 trainees in the Canadian Army's Special Militia Training Course march past the flag men were overcome and cheered reviewing stand, the taped on the parade ground, colorful, kiln-dried pipe band leading the regiment.

BIG COURSE

Lt. Col. Moss in congratulating the men on their marching against time, bandage tying, splints on legs and arms, stretcher work which Kelowna won hands down and the erecting of several different types of hoists and pulleys that would be used in emergency rescue work.

Overheard was one young lad asking his mother if the regiment was "the navy".

CHEERED ON

During the field work, competitors were cheered on by their squadron buddies and the crowd who clapped lustily at the completion of every event.

The third session of the survival training course will be completed next week.

Bail Set at \$10,000 Here On Store Robbery Charge

The Daily Courier CITY PAGE

Monday, April 2, 1962 The Daily Courier Page 3

SCIENTISTS AT SUMMERLAND SEND BALLOON TO TRAP BUGS

Scientists at the Summerland Research Station are reaching for the sky in their battle against bugs.

In their efforts to track the flight habits of the pear psylla, they have sent up a helium balloon with an intricate psylla trap attached.

The balloon, first of three to be used in the project, is floating 270 feet above the research station.

The pear psylla causes a sooty fungus on pears resulting in "honeydew," which leaves the pears dirty and sticky.

The six-foot balloon is brought down each day and its findings recorded.

Dr. Walter Wilde, in charge of the experiments, says the psylla has caused a great decline in pear production in the United States.

Money, Liquor Stolen In Armoury Break-In

Bail was set at \$10,000 in Kelowna police court today for one of two men charged today with robbery of \$1,000 from a Kelowna hardware store Friday.

Appearing in court today were Nicholas "Nick" Sherstabitoff, 24, and Udo Eric Hoffman, 20.

They were remanded to April 9 without plea while Kelowna RCMP continue their investigation.

Sherstabitoff, arrested in Kamloops over the weekend asked for bail.

RCMP reported Saturday morning the Marshall Wells hardware on Bernard Ave. had apparently been entered from a second floor door by an axe borrowed from a display and used to chop open a safe containing the cash. It is believed the robbery occurred around 3 a.m.

Sherstabitoff gave his address as Calgary. Hoffman is also from Alberta.

ARMOURY ROBBED

Eleven bottles of liquor and \$100 in cash was reported stolen from Kelowna Armouries Sunday night, RCMP said today.

RCMP said they have several suspects and are investigating. They said the main door on Richter St. was apparently left unlocked.

Entry was made between 8:30 and 10:15 p.m. when police received a report.

The pilferers apparently shouldered their way into both the composite mess (NCO's and soldiers) and the small officers' mess in another section of the armoury. Altogether four doors were forced.

The liquor, four bottles of white rum, four of dark rum, two bottles of rye and one bottle of gin, was kept in a small room adjoining the mess as was the cash, said police.

Suspended Driver Fined \$200

Adam Joseph Bleile of Kelowna was fined \$200 and costs in Kelowna police court today for driving under suspension.

He was fined \$25 and costs.

It was his third charge on the same count.

Bleile was driving his car when he became involved in an accident March 4. He was released from hospital recently after he suffered a fractured skull. The accident occurred at Finn's Corners.

In lieu of payment of the fine by April 17, he was given three months.

FOURTH TIME UP

A Westbank youth who said he was a "victim of circumstances" was fined \$50 and costs with an alternative of 30 days in jail on a charge of possessing liquor as a minor.

David Archibald Loudon, 20, pleaded guilty to the charge today after he was stopped in his car on Abbott St. Saturday. There were two juveniles in the car with him and two full bottles left from a case of beer, said RCMP.

Magistrate D. M. While pointed out Loudon had appeared three times in court on the same charge last year and added he thought Loudon's "saturation point had been reached."

MUST BE SPRING

Some juveniles were warned by police over the weekend for blasting off at tin cans and bottles with their air rifles on Cawston Ave. No damage was done but RCMP warn parents it is an offence.

IN TRAFFIC COURT

Barbara Joyce Hoover of Kelowna was fined \$25 and costs for speeding along Harvey Ave. Sunday. RCMP said Miss Hoover was travelling at 50 mph. She didn't appear in court.

Victor Kenneth Nash was also fined \$25 and costs for speeding on Highway 97 after he was clocked by RCMP driving 60 mph in a 50 mph zone. He pleaded guilty to the charge which occurred March 31.

JUST LIKE MINISTER

Remarking that Highways Minister Gagliardi found straight stretches of highway tempting, too, Magistrate Whittle found Walter Charles Wilson of Westbank guilty of speeding on the Trans Canada highway near Revelstoke.

Mr. Wilson explained to court today he could see five miles

Symphony Performs

Saturday night in Kelowna and Sunday afternoon in Penticton the Okanagan Valley Symphony Orchestra presented its third and fourth concerts.

Attendance in both cases was gratifying to the symphony society. The financial picture for this regional effort is much brighter and plans for next year are now going forward.

In speaking about the two performances, Mr. Bertsch, the conductor, remarked that both had their faults and good points. But that the playing of the orchestra might sound better in Penticton because of the acoustical superiority of the auditorium there.

The orchestra members as a whole felt that the Kelowna audience was one of the warmest ever.

Conductor and players received an ovation after the Haydn symphony Saturday night.

Sunday, April 8, the orchestra travels by bus to Kamloops for its final concert. Soprano Eva Beams of Summerland, will be the guest soloist.

VIMY DINNER

The Kelowna Branch 26, Royal Canadian Legion, will hold its annual Vimy dinner meeting on April 9 at 6:30 p.m. Catering for the banquet will be by members of the Branch 26 Women's Auxiliary. The affair will be held at the Legion Hall.

SQUADRON SPLINTS UP BUDDY'S LEG IN ARMY SHOW

A "victim" of a nuclear blast lies prone in City Park yesterday while his military comrades splint his leg in live time. Part of Sunday's Army Day in Kelowna was various competitions between squadrons from each of the three Valley cities to see who was speediest at putting their survival training into practice. Penticton drilling was held behind the grandstand while interested spectators and families watched. Squadrons also demonstrated building of emergency equipment for use in case of blast.

MONDAY, APRIL 2, 1962 — PAGE 1

Where Are We Now And Wither Do We Go?

Since last August the power situation in this province centering around the B.C. Electric has been confused but in recent weeks it has gone far beyond that point. The person who believes he can accurately assess the present position must consider himself a magician indeed. It is difficult to even guess where we are now, to say nothing of where we go from here.

However there are certain impressions which cannot go ignored.

There is no doubt whatsoever, that the great majority of the people of this province last August approved the government's action in taking over the B.C. Electric, although there were many who even then were not entirely happy about the manner in which it was done. Unfortunately—or fortunately, depending on how you view it—the shenanigans in the interval have lost much of this public sympathy for the government. The government has accelerated this drift by its own actions. Gradually the public has become convinced that the government did not play the game fairly.

This loss of sympathy was slow but steady as public discussion progressed and the man on the street had a chance to think. We do not think that Mr. Strachan and Mr. Perrault and other members of the opposition contributed in any great measure to the change in public opinion. Rather it was the progress of events coupled with the government's own attitude.

There was the matter of the price which had been set quite arbitrarily in the take-over legislation. The government refused any arbitration. Naturally the public wondered why, if the price was fair, the government feared arbitration.

Then, this session, the government changed the price, upping it by some \$60 million. How could the public do else than conclude the original price was unfair?

And, too, there is the matter of prohibiting any legal action against the government or the B.C. Electric. To the average man on the street this seems most unfair. To him, if a man has a justifiable claim against anyone, including the government or any of its agencies, he should have the right to appeal to the court.

There have been other things, of course, which have added to this attrition of public sympathy. For instance, suspicion was created by the wholesale cleaning out of former BCE key executives. These men had operated a successful company very efficiently. Why then should they not have been cherished in the new, complicated setup rather than dismissed or forced to resign? Rightly or

wrongly, the wholesale depletion of competent staff gave the public the impression that all was not quite right in Denmark.

This newspaper has not the slightest idea of from whom the government received advice on its complicated moves on the BCE matter. We do however believe that the advice given the government was very poor advice indeed. It failed to take into consideration the ultimate court—public opinion. It assumed the government could do anything and get away with it.

There has been some talk of a quick provincial election on this question. Should the government be foolish enough to take the plunge now when it still has three years to go, in our opinion it would be very lucky indeed to be put back in office. Its strongest weapon would not be a vote of approval for it, but rather a vote for it because Mr. Average Citizen could see no one else for whom he could vote effectively; a matter of going to the least obnoxious of the hoies he could find.

This BCE mess—what else can one call it?—has done much harm to this province. It has made, it the laughing stock across the country and certainly jeopardized its credit rating. It has made sincere friends of the government hang their heads and with red faces try to apologize for it and make excuses for its actions.

Ironically, we have a federal election coming up and in this province certain the battle will rage around another power matter, the Columbia development.

Whatever the results of that election may be in this province—and we say this now—it will be no true reflection of the people of this province on the Columbia matter.

This newspaper believes that most of the people of British Columbia are behind the provincial government and its Columbia proposals. However, it does not believe those same people will accord any great support to Social Credit candidates in federal matters. It will be a case of a giant on his own ground fighting a pigmy. Should there be a Sacred victory federally in this province it would be as astonishing as it was the day Jonathan slew Goliath. Frankly we can see no Social Credit impression in the federal field.

Nevertheless, should there be a Conservative sweep, Hon. David Fulton will immediately claim that it was a vindication of his stand on the Columbia. Such, in our opinion, will be far from the case. This issue federally may affect a seat or two. No more.

NO MAN'S LAND

Violent Upheaval Shakes Retail Industry In U.S.

NEW YORK (AP)—A violent upheaval has shaken the \$220,000,000-a-year United States retail industry.

Some call it a revolution, others evolution. A top retail executive described it as "scrambled merchandising."

In some respects the industry is completing the cycle from general store to general store—where almost everything is sold under one roof.

In others, it is forging ahead into completely new concepts of merchandising.

No matter what it is called and no matter what direction it takes, the buyer may stand to benefit from increased competition.

The change began after the end of the Second World War and its shortages and price controls. It hasn't paused.

Conventional retailing—centering in the big downtown department stores and spreading out to specialty, variety, drug, food

and appliance stores—was turned upside down by the advent of the shopping centres and the discount houses.

Shopping centres started rather small—usually a cluster of little stores around a supermarket. But they have never stopped growing.

From neighborhood centres they progressed to regional centres—virtual business sections of scores of stores dominated by a huge department store and sometimes two. They capitalized on the lack of downtown parking but now some are so congested that they have their own parking problems.

Shopping centres inflicted a reeling blow to the downtown sections—in some cities so serious that the central business area sagged into blight.

By 1961 about 5,500 shopping centres were doing \$50,000,000 a year in business. An estimated 1,000 were built last year and, according to the International Council of Shopping Cen-

tres, another 1,000 will spring up this year.

As an example of the shopping centres' inroad, Joseph Meek, president of the Illinois Retail Merchants Association, reported that retail sales declined \$300,000,000 in Chicago between June 30, 1960, and June 30, 1961. At the same time sales increased by \$77,000,000 in the country area outside the city.

What brought immediate success to the centres?

The centres became so large and varied that suburban women didn't need to go to the city any more. And housewives delighted in the informal air which permitted them to shop in shorts and slacks.

The second phenomenon, the discount store, was born in vast sheds crammed with surplus military goods.

One retailer described the founders of the early discount houses as hungry men who worked long hours, eliminated every service and tried to cut every ounce of fat from their expenses. As a result, they thrived.

How they thrived is illustrated by the fact that in 1961 their volume of business was estimated by The Discount Merchandiser, pioneer publication of the industry, at \$4,500,000,000. This compares with department store volume of \$14,000,000,000.

The Discount Merchandiser said 500 new discount houses were opened in 1961, bringing the total to 2,500. It estimated another 500 will be established this year, adding another \$1,000,000,000 to sales.

TO YOUR GOOD HEALTH

Its Pain Or Numbness

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: We read your article on the douloureux with great interest, as my husband had it for 14 years. Six years ago he had an operation performed by a neurosurgeon. It has given him great relief.

The surgeon said my husband would have to trade pain for numbness, which he was very willing to do.—MRS. E.G.

The douloureux is an affliction of the trigeminal nerve, which is particularly sensitive to pain. The nerve is part of our protection against damaging the delicate organs of the face—eyes, nose, mouth, etc.

When for some reason the nerve is injured or affected, it transmits pain signals with great intensity. The douloureux has been compared to "a toothache of the face," "a headache lower down," or "an acute attack of sinus that keeps on and on."

It has a tendency to start and stop, which gives the victim a little time to relax between assaults. But it's savage.

I wish that all who are reading this column will never experience it—but I know better, statistically. Some readers, comfortable now, will have it.

"It" is not always as severe or lasting as in today's case. Sometimes the situation corrects itself. Whatever is bothering the nerve ceases to do so.

Alcohol injections are sometimes used to deaden or anesthetize the nerve for a matter of weeks or perhaps even months, in the hope that the trouble will end.

Sometimes it doesn't. Then cutting the nerve is the last resort. With the nerve once cut, the pain impulses no longer can reach the brain, and the patient is permanently comfortable.

It is, indeed, a matter of "trading pain for numbness," and after continued pain, the numbness is a reasonable price to pay.

Dear Dr. Molner: What causes cold sores?—H.C.C.

A virus involving the root of

a nerve. You'll notice that if a person is subject to cold sores, they tend to recur in the same area. Why? Because some particular nerve may be vulnerable to repeated attacks.

Dear Dr. Molner: Is jaundice the same as hepatitis? Are people who have had jaundice permitted to donate blood?—MRS. R.B.

Jaundice is the symptom—the yellowing of skin, eyeballs, etc. Hepatitis is the disease, or any one of the diseases, which afflicts the liver and causes the jaundice.

I suppose in time we will be able to decide with sureness whether a person who has had hepatitis (or jaundice) may safely give blood, but as of right now, we don't know. Therefore it is safest to refuse blood from people who have had jaundice. Why? Because sometimes the virus lingers after the patient has recovered. Whoever receives the blood might get the virus, and the disease, from the transfusion.

Dear Dr. Molner: A group of us mothers often discuss your column. We would like explained when one is sterile and when fertile. We can't agree.—MRS. M.

There are variable factors, but here's the average pattern. In a perfectly regular, 28-day cycle, ovulation (which is the time of fertility) occurs in mid-cycle, approximately the 12th to 16th day after the beginning of the preceding period.

There is no absolute rule, however. Nerves, a cold, fatigue, any such factor can alter the timing a little. Besides, although the fertile period—which is not long, usually 48 hours or so—is customarily in mid-cycle, it doesn't have to be so for all people.

Determining the time precisely is done by taking daily morning temperature, preferably rectally, and watching for a small, abrupt rise of about half a degree, which signals ovulation and beginning of the fertile interval.

UNITED KINGDOM REPORT

A Utopian Plant Is This Factory

By M. McINTYRE HOOD
Special London (Eng.)
Correspondent
For The Daily Courier

SILVER END, Essex — A small factory building at Silver End is attracting much attention from industrialists and social welfare agencies. It has been called a Utopian factory. The reason for this is that everyone is paid the same rate of wages, there is no clocking in or out of the factory, and there are no bosses.

The owners, the Crittall Company, believe it is the only plant of its kind in the whole of Britain, because it is an experiment in social provision for the aged.

The factory is given the official name of the Crittall 65 Club. Two qualifications are necessary to become employees at this factory at Silver End in the heart of Essex. The first is that the applicant must be over 65 years of age. The second is that he must be a former employee of the Crittall Company.

LORD BRAINTREE'S IDEA

The germ of the idea for this unique factory came from the late Lord Brintree, the former head of Crittall's, a window making firm. Basically the plan was to provide workshop facilities in a disused building at Silver End, where retired employees could earn a few dollars, chat with old colleagues and, most important of all, make themselves useful.

The scheme started off modestly with some 15 "founder members." Today it has grown to a membership of 170. The original temporary premises at Silver End have been extensively enlarged since it came into existence some seven years ago.

SUBSIDIZED BY COMPANY

The project has been subsidized by the parent company. The club has been provided with premises and machinery, and the company also foots the weekly bill for wages. On an average, without having any fixed hours for working, and even when taking time off whenever a worker feels in the mood for it, the 65 Club members can earn about six dollars a week. By Canadian standards, this does not seem very much, but under the loose conditions of working, it provides a very welcome addition to the old age pensions of the aged workers. The club operates a five-day week, with forenoon and afternoon shifts on which the old

folks work alternately. One of the older employees is 77-year old H. W. Abercrombie. He is one of a crew which mans a machine for making keys. Other men repair furniture damaged in the factory, office and canteens. Some splice ropes, while 80-year old Ernie Ketley, one of two octogenarians in the club, sorts out waste collected from the shop floor in the main factory, and earns his wages by salvaging screws, washers, nuts and bolts.

For every man there is a useful and gainful type of job. But the main value of the scheme is the satisfaction which it gives these old age pensioners to know that the firm which employed them feels that they are still useful, and that they have a contribution to make by which they can add to their incomes in their old age.

LETTER TO EDITOR

THANK YOU

The Editor,
The Daily Courier.

Dear Sir:
This is a word of appreciation for the article in the Courier of March 29, describing the exhibition of paintings by Siebner now on display in the Library. The author, Leroy Jensen, reveals his experience as a painter and competence as a critic.

I have been deeply impressed by the tremendous effort of a few voluntary workers in Kelowna whose devotion to art enriches community life through the exhibitions that they bring to the Library. Their work needs the support of thoughtful broad-minded criticism that will attract more people to see the paintings. At this stage of developing interest in art, we cannot afford to repel those who might be encouraged to benefit from an opportunity seldom offered in smaller communities.

Yours sincerely,
MRS. H. LAMOREUX

WORLD BRIEFS

For we are his workmanship. —Ephesians 2:10.

If we commit our lives to God He will mold us and make us into the kind of person He wants us to be.

CANADIAN BRIEFS

BOOM IN PIPES

LONDON (CP) — The recent British medical report linking cancer to cigarette smoking has produced a boom in pipe sales, particularly in 18th century-style clay pipes, which are cheaper than briars or meerschaums.

FEATURE RUSSIANS

EDINBURGH (CP)—Russian composers and artists will dominate the music section of this summer's Edinburgh Festival. "I don't think a gathering of this magnitude has been seen anywhere outside Moscow," said the Earl of Hardwood, artistic director of the annual festival.

WIG BUDGET

LONDON (CP) — Between £100,000 and £200,000 of the annual National Health Service budget is spent on wigs. Health Minister Enoch Powell reports. A large percentage of the wigs are for children born without hair because of blood diseases.

What does it mean to be rated?

Not long ago men and women with coronary artery disease, tuberculosis or diabetes were unable to obtain life insurance. Today it is possible for many of these people to be accepted in a special premium classification. Technically speaking they are said to be "rated" policyholders. For many years Manufacturers Life has contributed leadership in this special field. Today we are well known for our progressive outlook and for the favourable premium rates being offered.

Actually 93% of the people applying for Manufacturers Life policies today are accepted at regular rates. Another 5½% are offered insurance at the lowest possible cost considering their particular physical condition, while only 1½% are declined. Whatever your needs, you can be sure of progressive life insurance service when you call the Man from Manufacturers.

Lady Golfers' Bowling Club Holds Closing Day Banquet

Thirty-eight members of the Lady Golfers' Bowling Club met for a friendly-cocktail party held at the home of Mrs. R. P. Walrod prior to the Closing Day Banquet which took place at the Kelowna Golf and Country Club last Wednesday. During the party several round-robin letters were written to absent members, and Mrs. Arthur Jackson played for a sing song and some Hawaiian dancing by Mrs. Roy Chapman.

Forsythia and tulips decorated the mantel in the lounge of the clubhouse which was centered with two long tables joined at the end by the head table, at the center of which the president, Mrs. R. P. Walrod, was seated with Mrs. Audrey Duck, the secretary, and Mrs. Maurice Meikle on her right and the treasurer, Mrs. W. Beairisto, and Mrs. M. J. Evans seated to her left.

Following an excellent dinner the president presented the prizes for the years play. The Team Trophy which has stood in the Golf Club Lounge since the formation of the Club in 1949 and which has an added plaque engraved with the winners' names each year, was won by the Birdies Team—Captain, Blanche Popham with Evelyn Gibson, Goldie Metcalfe, Marie Hindle and Eleanor Buckland. In second place came the Aces—Captain, Kaye Buckland with Margaret Orme, Alice de Wyffer, Flora Evans and Grace Buckland.

Among the individual prizes awarded were: High Average—Won by Neil Beairisto with a 193 average. High Single—Won by Kaye Buckland with a score of 301. High Three Games—Won by Audrey Duck with a score of 728.

Following the presentation of these and many other prizes Mrs. Walrod presented a gift from the members to Mrs. Duck and Mrs. Beairisto in appreciation of their work for the Club during the past year, and a vote of thanks was then proposed by Miss Doris Leathley to Mrs. Walrod, who has not only been a very popular president but has also lent the members the use of her home for the cocktail party for past two years.

A new executive was then elected as follows: President, Mrs. Jack Buckland; secretary, Mrs. Wm. Green and treasurer, Miss Doris Leathley, and a discussion took place as to where the club should hold its play next year. The majority of the members favoured continuing at the Bowladrome.

Mrs. W. Shilcock then proposed a toast to the very popular past executive and the meeting was closed.

A number of amusing games followed, organized by Mrs. C. Metcalfe and her committee, for which elaborate prizes such as whistles, pencil sharpeners were awarded, and a delightful and most enjoyable evening came to a close with several members dancing the "Twist" to the music of Mrs. Arthur Jackson.

ANN LANDERS

Give Cheater Back To Wife

Dear Ann Landers: The man I love is married to someone else. He has tried to get free out his wife is a terrible woman. He's been begging her for a divorce for eight years but she is very tricky. She keeps telling him that broken homes are bad for children and all that rot. I say if parents don't get along together it is better for the kids if they split up.

I want to surprise my sweetheart with a divorce as a gift, but I don't know how to go about it. I have money of my own and I know a very good lawyer. He is expensive but he wins an awful lot of cases.

Please tell me how to go about this.—OFF THE HEART.

Dear Off: Well—there is something new under the sun. Wait till the gift catalogue gets wind of this: "For the man who has everything — Surprise him with a divorce!"

Wake up and smell the coffee, Stupid. He's been handing you a line for eight years. If the man really wanted a divorce you wouldn't have to surprise him with one—gift-wrapped yet.

Since you're in such a generous mood why don't you give this cheater back to his wife and kids?

Dear Ann Landers: You've helped so many people with their worries and problems I wonder if you can help some close friends of ours.

They haven't filed an income tax return for the last few years. They have a large family and thought they didn't owe anything because of the many deductions they had coming.

Finally they were afraid to file for fear of being sent to jail or slapped with a heavy fine. Now they live in fear of being found out and they don't know which way to turn.

Please print this letter and tell these people where to go and also if anything will happen to them—like a fine or a jail sentence.—ANONYMOUS NATURALLY.

Dear Anonymous: These people should look in the telephone directory under U.S. Government and find the Internal Revenue Service. They should then make an appointment with an official and tell him everything.

The person who turns himself in has a much better chance of getting a lighter fine (or no fine) and it is unlikely that he

Social Items From Westbank

Mr. and Mrs. H. Kramer have returned from a week-end spent at the Coast, visiting their daughter Grace, who is in training at Essondale Mental Hospital.

Mrs. Ben Waldron was hostess on Saturday evening, March 24th, to the many friends of Mrs. O. Walker, honoring her with a kitchen shower, replacing kitchen utensils lost in the recent fire, when the kitchen was gutted. The presents were numerous and very useful, and following their opening an enjoyable evening was spent.

As March 28th is the birthday of Mrs. R. E. Stevens, and is also the birthday of Judy Johnson, who will be fifteen, Mrs. A. F. Johnson is entertaining in her honor at her home with a birthday party.

As your correspondent will be leaving for England early in April, she has asked Mrs. D. Gellatly to take over for the month of April and May, so kindly telephone any news items to her at SO 8-5390. Thank you.

Mr. and Mrs. F. K. Parker have returned from a visit to the Coast.

BOWLERS 'SPARE' A MINUTE

Shown above are Mrs. R. Walrod, president of the Lady Golfers Bowling Club, (right), Mrs. Edward Duck, secretary (centre), and the treasurer, Mrs. W. Howard Beairisto (left), who hosted the friendship-cocktail party held at Mrs. Walrod's home prior to the Closing Day Banquet at the Golf Club Wednesday.

Four Sorority Sisters Feted At Recent Alpha Epsilon Party

Kelowna members of Beta Sigma Phi's Alpha Epsilon chapter will travel to Penticton in April to attend the Founder's Day banquet.

On this occasion, new girls who have successfully completed their pledge training will receive their "Ritual of Jewels" pins as full-fledged members.

This was decided at the recent chapter meeting at the home of Della Gerlinger.

No plans have been finalized for spring social events.

Miss Heather McCallum presented an interesting program on silver when she described the history of silver-making and many examples of different types of silver.

Monday's meeting was the last one for four of the sisters, Loralee Turgoose, Ann Mills, Adeline Bennie and Chris Grozer who are leaving Kelowna to take up residence elsewhere.

A beautifully decorated cake made by Pat Wood was presented to the girls and it was later cut and served. Mrs. Pearl Shaw presented each of them with a going-away gift on behalf of the chapter.

The club executive would like suggestions from members on this year's program and any garden problems.

Plans will be discussed for a spring plant show and the possibility of a flower show.

of Power and Strength not so many years ago.

The pictures of this kind the outward sign of what our world may be brought to through the misuse of these same qualities?

Surely it is time that a stand should be made to differentiate between Pictures and Paintings. A picture is something depicted.

Siebnier's paintings represent his own personal feelings on certain subjects. How can the general public be expected to share these.

Those who are able to paint pictures can bring us the beauties of the world, or some profound and great thought, depicted in such terms on the material plane, as can be understood by the average normal man, woman and child. Or we are shown a portrait in the face and in the face we can read those abstract things that no abstract picture can ever bring us.

Unless, of course, we can not succeed on the normal plane, and we ourselves become abstract. Then there would be no limit as we ourselves became "abstracter and abstracter" till we find there is not much left but dots and dashes. Even the dashes become less and less and things get dotlier and dotlier.

To describe for yourself.

Not possible, no only one or two can be mentioned. No, 3 shows two women, just in case you might mistake them for something else, and risks a chance of remodelling your style along these modern lines. Then for the glamor girl there is No. 4 "Weiblich" meaning womanly. No. 18, priced at only \$750.00 would give you your money's worth, for it is called "Stone, Life, Time, Stone." Then there is No. 15, "Power and Strength." A sinister reminder of bones, all that was left of those millions that came under the iron heel

RUTLAND W.I.

Styles And Music Contribute To Success Of Fashion Show

Rutland Women's Institute held a successful fashion show in the High School auditorium Tuesday evening. Fashions were displayed by the Bon Marche, of Kelowna.

Mrs. A. McLaughlin, the president of the Institute, introduced Miss Frances Sali, "Miss McIntosh", who officially opened the show, and introduced the commentator for the evening, Mrs. Phyllis Trenwith.

Ten beautiful girls from Kelowna modelled the many smart outfits. Make-up was by Mrs. Beth Dunlop, with cosmetics from Dyeck's Drugs. Thomas Austin played the background music and the wedding march for the final bridal procession.

The matrons' styles were modelled by Mrs. Wesley Barber and Mrs. W. D. Quigley of Rutland and the decorations were by Bill Jennens.

There was a very fine musical program by students of the Rutland High School, which included the following numbers—Clarinet quartet, Barbara Chaffee, Robert Daniel, Lynne Blosdale and Theresa Dzubilak.

Trumpet trio by Ken Hokazono, Harry Broualt and Jerry Jaud; Saxophone solo, Raymond Volk; Vocal solo, Harry Broualt; Vocal duet, Frances Turk and Nick Caljouw; Vocal solo, Frances Turk.

The "lucky chair" prize was won by Mrs. Earl Humphrey.

Refreshments were served after the show by members of the Institute.

Mr. and Mrs. Fred Westen have taken up residence in the apartment at the rear of Johnny's Barber Shop.

Mr. G. Howson, of Winfield, is the new caretaker at the Rutland Centennial Park, and has already taken up residence in the cabin at the park.

Soldier Admits Theft Of Truck at Army Camp

VERNON (Staff) — Donald Vincent Calderone, 28, a Vernon military camp soldier, pleaded guilty today to stealing a three-ton truck, property of the Department of National Defence. He elected to be tried by a magistrate and was remanded in custody for sentence until April 10. Friday, Calderone, was fined \$150 in Kelowna police court. Joseph Oscar Florian, Descent, of Vernon was charged with carrying a concealed

weapon, other than a pistol or revolver. He was remanded in custody until April 10. He pleaded guilty to the charge. Cashmere Tonasket, an American Indian, was sentenced to two months in jail by Magistrate Frank Smith for being intoxicated in a public place. Louis Lewis and Pete Gregory, were both fined \$25 and costs for being intoxicated Saturday night.

MEMORIAL CUP DATES

Armstrong Park Budget Studied By City Council

ARMSTRONG (Correspondent) — Armstrong City Council has reviewed the parks board's 1962 budget, of which their share is \$368.50 over last year. The budget, studied at council meeting, was referred to the budget meeting.

Capt. F. J. Halliwell of the Salvation Army in Vancouver, appealed to council for a grant-in-aid of at least \$250, supporting his request with copies of a confidential report which were given to each council member. The request was referred to the budget meeting.

In discussing the cost of road improvements on Okanagan Street and Otter Lake Road council learned that the latter would be \$12,000, while the cost of paving and priming Okanagan Street from Wright Avenue to Patterson Avenue, would be \$7,000. Ald. John Keough said that sewer pipes should be laid before any such paving work is done. Ald. Terry Moore thought council should consider at this time construction of a road to provide a more gradual approach to Okanagan Street at the southern end of the Flats.

Following an offer by the local horticultural society to plant flowers at the Health Unit, and trees on each side of Okanagan Street across the Flats, Ald. Keough suggested the city buy a strip of land on each side of the road, which would provide space for a boulevard for tree-planting. City will look into the cost of making this purchase

and include same in the budget. Council approved the planting of flowers at the Health Unit.

Traders Say 'Thank You Cherryville'

VERNON (Staff) — Chamber of Commerce will entertain Cherryville residents April 9 as a token of goodwill for their contribution to the economy of the Vernon district.

Executives from the chamber will present two films—Temptation and Have Camera Did Travel—cartoon and live music. There is no charge.

April 11, at a special dinner meeting of the Chamber at The Roundup, Donald C. Fleming-Williams, a Second World War hero and now vice-president of Schweppes Canada Ltd., will be guest speaker. At the dinner meeting, Toastmistress Club versus members of the Chamber will hold a quiz. Orchids will be given to the ladies at the dinner.

40 Teachers 'Go To School'

VERNON (Staff) — A workshop for teachers of mathematics held in Penticton Saturday was attended by 40 teachers from many points in the Okanagan.

Vernon and Lumby schools were represented by about 40 teachers.

L. Thomas, intermediate supervisor at Burnaby, and J. M. Lydiard, of John Oliver, Secondary School, Vancouver, spoke to elementary and secondary groups respectively, explaining the idea behind the development of the new courses in mathematics for grades three and eight justifying the need for the change in explaining some of the methods involved. The afternoon session was devoted to question answer period.

but will ask the Horticultural Society to hold in abeyance their offer of trees.

Three readings were given the bylaw authorizing the transfer of \$5,023.36 from the reserve funds, this to be used toward the purchase of the GMC truck recently purchased. The waterworks department will pay 20 per cent of the total price, or \$1,255.

Ald. Keough reported that a meeting of the Civic Centre Committee had advised purchase of a blanket policy to cover all properties jointly owned by the City of Armstrong and the Municipality of Spallumcheen. He reported also that the joint committee has agreed to have the fire hall housing fire equipment for the two municipalities, stuccoed at a cost of \$524.

GUEST SPEAKER

Rev. C. Tanner, of Summerland will be the guest speaker at the Trinity United Church on April 9 at 8 p.m., in the church sanctuary.

SERMON'S THEME

"Our Mission In Today's World," is the theme Rev. C. Tanner chose when he will speak at the spring thank offering of the United Church women. The church choir will assist with music. All men and women are asked to keep this evening free to attend.

One rugged, welded-steel unit is Simca's rock-solid Unigard body. As close to being rattle-proof as a car can be. And as safe as any car is. This brawn extends to Simca's brakes, engine, suspension, everything. The only thing puny is its price: \$1,919.

SIMCA

The economy car that stops only on gas.

LIPSETT MOTORS
1544 Ellis Street, Kelowna

Which car could a Scotia Plan Loan help you buy?

Any one. Large, medium or small... with seats for 2—or 9... powered by engines from 30 to 300 horsepower... imported as well as Canadian... new or used.

Whatever your choice of car may be, you can finance its purchase conveniently and at low cost through Scotia Plan—The Bank of Nova Scotia's unique consumer lending program. Scotia Plan rates are the same for all models of every make. This means you're less likely to find yourself passing up the car of your choice in favour of another

that happens to be offered on more convenient terms. What's more, you can arrange your Scotia Plan Loan before you shop for your car. This guarantees you the advantage of Scotia Plan's low rates, and lets you make your deal the moment you find the car you want.

You can also get a Scotia Plan Loan to pay medical bills, or for debt consolidation, for new furniture—anything worthwhile. Whether you're a Scotiabank customer or not, before you borrow money, call at your nearest branch of The Bank of Nova Scotia and discuss a Scotia Plan Loan.

Macs Win It Two Straight Advance to Western Final

PENTICTON (CP)—The South Okanagan Twin City Macs Saturday night wrapped up a best-of-three Alberta - British Columbia intermediate hockey series in two straight games with a decisive 6-2 victory over Lacombe Rockets.

The winners, a combined Kelowna - Summerland team, now meet the victors of a best-of-three Alberta - British Columbia intermediate hockey series in the Western Canada finals. The Macs won Friday night 6-1 in the first game. Some 1,700 fans saw the Macs

take a 3-1 lead in the opening period Saturday night and preserve the margin to lead 4-2 at the end of the second. The winners scored two unanswered goals in the final period to take the series in their stride.

Jimmy Fairburn scored two for the Macs and the others came from Mike Durban, Walter Peacock, Bob Gannon and Budd Evans.

Austin Smith and George Townsend scored for Lacombe. Smith's goal at 4:43 of the first period was the only occasion on which the visitors drew even. It was swiftly followed by goals by Peacock and Fairburn as Macs moved ahead to stay.

The Rockets took eight of 15 penalties handed out. The Macs outshot them 39-38.

LINEUPS
Lacombe: Goal, Gillow, Defence, Dzurko, Flaman, Zembrau, Rehill, Forwards, Fleming, Drake, Menage, McMillan, Young, Dunnigan, Young, Carley, Townsend, Smith.

Twin City: Goal, Moog, Defence, Durban, Bosscha, Evans, Forwards, Peacock, Howard, Bullach, Fairburn, Taylor, Hooker, Jones, Moore, Gannon.

SUMMARY
First period: 1. Twin City, Durban (Howard, Bulach) 2:39; 2. Lacombe, Smith (Flaman, Dunnigan) 4:43; 3. Twin City, Peacock (Durban) 8:55; 4. Twin City, Fairburn (Peacock) 18:14.

Penalties — Durban 14; Menage 7:00 and 11:19.

Second period: 5. Lacombe, Townsend (Young, Dzurko) 4:03; 6. Twin City, Fairburn (Evans, Durban) 13:42. Penalties: Bosscha 4:43, Durban 5:05, Durban, Menage 9:49, Dzurko 11:14, Flaman 12:44.

Third period: 7. Twin City, Gannon (Bullach, Durban) 8:13; 8. Twin City, Evans (Peacock, Fairburn) 14:09. Penalties: Bosscha 4:43, Durban 5:05, Durban, Menage 9:49, Dzurko 11:14, Flaman 12:44.

Larry Allen led the Mohawks with three goals. Billy Lee scored two and Alec Ballas and Abe Wiebe got the others. Archie Gabor was the lone Williams Lake scorer.

Prince George held the title for two seasons before losing it to Williams Lake in 1960.

Mohawks Hit Stamps 7-1

PRINCE GEORGE (CP) — Prince George Mohawks defeated Williams Lake Stampede 7-1 Saturday night to take the best-of-seven Cariboo Intermediate Hockey League final series four games to one and recover the Weller Cup.

Larry Allen led the Mohawks with three goals. Billy Lee scored two and Alec Ballas and Abe Wiebe got the others. Archie Gabor was the lone Williams Lake scorer.

Prince George held the title for two seasons before losing it to Williams Lake in 1960.

PLAYER SUSPENDED

VANCOUVER (CP) — Glen Struss of Vancouver Canadians of the Pacific Coast Soccer League has been handed a five-game suspension by the B.C. Soccer Commission for abusing a referee.

Hawks Nip Canadiens 4-1 "No Alibis" Says Blake

CHICAGO (CP)—Coach Rudy Pilius told his Chicago Black Hawks to get tough before Sunday night's Stanley Cup semi-final game against Montreal Canadiens and the edict was followed almost to the letter. The result was a decisive 4-1 triumph over the Canadiens, Chicago's first win in the best-of-seven series after dropping two one-goal decisions at Montreal last week.

The defending cup champions, fired up after Pilius' pep talk, were definitely the masters before a noisy partisan crowd of 16,359. They scored twice in the first period and never looked back. Pilius was obviously satisfied with the game, but warned that "one victory doesn't win a championship."

Coach Tom Blake of Canadiens, meanwhile said he had "no alibis."

INJURED LEFT KNEE
Bernie Geoffrion, burly right winger, re-injured his troublesome left knee during a third period collision with Hawk defenceman Dollard St. Laurent.

It was not immediately known whether the Boomer would be available for duty when Canadiens and Hawks clash again here Tuesday night in the series' fourth game.

Geoffrion missed six games with an injury to the same knee during regular-season National Hockey League play.

Bronco Horvath and Stan Mikita got the Hawks rolling with first period goals. Bill (Red) Hay added another goal late in the second and Ken Wharram scored the fourth early in the third.

The lone Montreal goal was scored by rookie Gordon Berenson at 14:27 of the third. Berenson's first Stanley Cup playoff goal.

Jacques Plante in the Montreal net, winner of this season's Vezina Trophy as the NHL's best scored-upon goalie, made 23 saves. Glenn Hall of the Hawks had 26.

QUAKERS SLIP BY MAROONS
In Saturday action Milwaukee beat San Francisco 14-10, Boston edged the Cubs 6-5, Minnesota defeated Philadelphia 6-4, the White Sox beat Detroit 9-4, in 10 innings, Pittsburgh blasted Cincinnati 11-6, the Dodgers beat Cleveland 8-5, the Mets shut out St. Louis 2-0, Kansas City overpowered Baltimore 12-1 and Washington beat the Yankees 7-3.

Houston blanked Oklahoma City of the American Association 4-0 and the Angels dropped an 8-2 decision to Dallas-Fort Worth of the American Association.

METS SHUT OUT St. Louis 2-0
In Saturday action Milwaukee beat San Francisco 14-10, Boston edged the Cubs 6-5, Minnesota defeated Philadelphia 6-4, the White Sox beat Detroit 9-4, in 10 innings, Pittsburgh blasted Cincinnati 11-6, the Dodgers beat Cleveland 8-5, the Mets shut out St. Louis 2-0, Kansas City overpowered Baltimore 12-1 and Washington beat the Yankees 7-3.

Houston blanked Oklahoma City of the American Association 4-0 and the Angels dropped an 8-2 decision to Dallas-Fort Worth of the American Association.

Backstrom Out
CHICAGO (CP) — Montreal Canadiens beat at least one player Sunday night when they bowed 4-1 to Chicago Black Hawks in the third game of their Stanley Cup semi-final series.

Canadiens' physical therapist Bill Head said today centre Ralph Backstrom definitely will miss the fourth game of the series Tuesday night because of a slight shoulder separation. He listed star winger Bernie (Boom) Geoffrion as a doubtful starter.

WILSON NETS TWO
Wilson scored twice on Johnny Power in the Leafs' net after Guy (Gordon) Duff got a 1-2-3 of the second period and tied it 1-1.

Defenceman Tim Horton got on the ice for the first period on a pass from Dick Duff at 1:23.

PRaise Fleming

Both coaches praised Reggie Fleming, rugged Hawk defenceman-forward who played one of the best games of his young professional hockey career. Fleming was a going concern all night, being particularly effective in a penalty-killing role. He also took a regular turn on a forward unit with Horvath and Eric Nesterenko.

After Tuesday night's game, the teams travel to Montreal for a fifth game Thursday night.

If further games are necessary to decide a winner, they'll be played at Chicago next Sunday night and Montreal April 10.

The Hawks relied on precision passing to carry their own attack and checked hard to scatter Montreal advances. Chicago players were often left open and their scoring plays were nearly executed.

RUTLAND FORMS LITTLE LEAGUE WITH FOUR TEAMS ENTERED
Rutland Little League Baseball was officially formed at a meeting held in Rutland. Volunteers turned out in sufficient numbers to provide a coach and manager for each of the four teams.

Officers elected were, president, Adam Flegel, vice-president, Ron Angus, secretary, Mrs. M. Coghill, treasurer, Mrs. Otto Graf. A player's agent has still to be selected. Practices will be held Saturday mornings from 10 till noon.

Players will be allotted to their various teams at a practice on April 7. All registrations and fees must be in by that date.

Additional donations will be needed to enable the teams to be fully equipped. No sponsors have been acquired as yet.

Rangers Edge Leafs 5-4 In Third Game Of Series

NEW YORK (CP)—New York Rangers finally found some spark in their front ranks Sunday night and fought their way to a tough 5-4 decision over Toronto Maple Leafs that cut Toronto's edge to one game in the Stanley Cup semi-final.

Forwards Johnny Wilson and Guy Gendron showed up strong for the Rangers but rookie Dave Balon and oldtimer Andy Hebenton contributed the big third-period goals that pulled the Rangers too far out front for the Leafs to catch up. Toronto leads the best-of-seven at 2-1.

Bob Pulford fired the game's last goal at 13:43 of the final session after being stymied by Rangers goalie Lorne (Gump) Worsley all night, along with several other Leafs who often outlasted the defenders only to be beaten by Worsley.

Eddie Shack, Frank Mahovlich and Dave Keon were among the Torontonians felled by Worsley.

WILSON NETS TWO
Wilson scored twice on Johnny Power in the Leafs' net after Guy (Gordon) Duff got a 1-2-3 of the second period and tied it 1-1.

Defenceman Tim Horton got on the ice for the first period on a pass from Dick Duff at 1:23.

Trail Leads In Allan Cup Play

TRAIL (CP) — After two periods of see-saw hockey, Trail Smoke Eaters piled on four goals in the final 20 minutes Saturday night to defeat Calgary 6-4 and take a 2-0 lead in the British Columbia-Alberta Allan Cup quarter finals.

The improved Calgary performance before 1,100 fans resulted in confirmation of plans to continue the best-of-five series in the Alberta city.

Officials of the Canadian Amateur Hockey Association were considering cancellation of games scheduled for Calgary Wednesday, Friday and Saturday after Trail won 15-1 Friday night.

Trail led 3-2 after the first period Saturday night and were ahead 4-3 after the second.

Laurie Bursaw and Norm Lenardon scored two goals each for the Smoke Eaters and Cal Hockey, Don Fletcher, Dave Russell and Pinokle McIntyre added the others.

Warren Hicks, Mike Silday, Rock Crawford and Ron Tooley scored the Calgary goals.

Hicks put Calgary ahead with the first goal of the game, which went into the net off Trail goalie Seth Martin. Hockey and Bursaw then put the home team ahead but Silday tied the score at 16:23 while the Smoke Eaters were a man short.

Fletcher finished the first period scoring to put Trail ahead 3-2.

Each team scored once in the slow moving second period. Crawford tied it for Calgary at 2:52 on a clean breakaway and Lenardon put Trail ahead for keeps at 18:50.

Bursaw and Russell scored for Trail in the third before Tooley scored the final Calgary goal at 18:30. McIntyre and Lenardon then rounded out the Trail score in the final 30 seconds of the game to chalk up the four-point margin.

Trail outshot the visitors 35-26.

LINEUPS

Calgary: Goal, Kryszkam, Defence, Bassarab, Pitts, Lea, Zasady, Wyle. Forwards, Cowan, Tooley, Haley, Gardner, Balazs, Howden, Gilday, Hicks, F. Zasady.

Trail: Goal, Martin, Defence, Smith, Fletcher, Pollesel, Cristofoli, Forwards, Tambellini, Lenardon, Russell, Penner, Hockey, Kowalchuk, Hornby, McIntyre, Jones, Bursaw.

Referee: Pollard, Linesmen, Sammartino, Waddell.

SUMMARY
First period: 1. Calgary, Hicks 1:38; 2. Trail, Hockey (Fletcher, Hornby) 12:10; 3. Trail, Bursaw (Jones, McIntyre) 14:50; 4. Calgary, Gilday (Lea, Cowan) 17:23; 5. Trail, Fletcher (Penner, Russell) 18:10. Penalties: Crawford 5:44; Pollesel 9:20; Jones 16:35.

Second period: 6. Calgary, Crawford (Zasady) 2:52; 7. Trail, Lenardon (Pollesel) 18:50. Penalties: Kowalchuk 5:02; Wyle 10:02; Lea 12:00.

Montreal Fan Tries Taking Stanley Cup

CHICAGO (AP)—A Montreal hockey fan attempted to carry the famed Stanley Cup from Chicago Stadium Sunday night in full view of nearly 17,000 persons.

But Police Lieutenant John L. Sullivan said that Kenneth Kilander, 28, didn't get out of the stadium with the cup.

Sullivan said Kilander picked the lock of the glass case in which the prized trophy was on display during Chicago Black Hawks - Montreal Canadiens third semi-final playoff game.

But Kilander headed for an exit. Sullivan said, he was stopped by an usher, who called a policeman. They returned the trophy to the case.

Sullivan said Kilander gave several accounts of what he intended to do with the trophy.

STORIES VARY
One version was that the Canadians were losing the game 3-1 and he thought the only way they would ever get the cup back to Montreal was for him to take it. The Hawks won 4-1 but trail Montreal 2-1 in the best-of-seven set.

Kelowna Gymnast Gives Good Account at Coast

Kelowna gymnast Gordon Durrant competing in the Provincial High School Gymnastic Championships at Vancouver over the weekend, found competition quite tough.

But he managed to place in four of the five events entered. He placed first in mat tumbling, second in high bar, second in trampoline, and fourth in free exercise. Gordon also placed fourth in the all-around senior boys' championship.

Kelowna gymnast picked up three out of four individual championships in Armstrong over the weekend. The team again walked off with top honors, winning the team championship and the Armstrong Recreation Challenge Shield with a total of 874 points. Armstrong was second with 650 and Kamloops third with a total of 878 points.

Here are the results of the competition:
Novice girls mat tumbling, C. Shotton first, N. Gourlie second.
Novice girls cross box vault, C. Shotton.

Novice girls long box vault, N. Gourlie first, C. Shotton, second.
Novice girls springboard, C. Shotton first, N. Gourlie second.

Novice boys mat tumbling, G. Herron first, D. Pettman, second, J. Stringer third.
Novice boys crossbox vault, G. Herron.

Novice boys long box vault, G. Herron first, J. Stringer second.
Novice boys springboard, G. Herron first, J. Stringer second.

Alfaro said Sunday he was told his "body will be found floating in the East River" if he criticized referee Ruby Goldstein's handling of the fight between Paret and Emile Griffith continued.

Alfaro did not say who made the threats or how they were made. He has said Goldstein let Paret absorb too much punishment in the title fight with Griffith before stopping the bout in the 12th round with Paret slumped against the ropes.

Goldstein was exonerated by the New York State Athletic Commission.

High School Rowers Set For Season

Kelowna High School Rowing Club has officially started workouts on the lake. Every Sunday morning and Wednesday afternoon the hefty voice of the coach can be heard across the water as he gets his rowers into shape.

Four members of the club now claim the honor of being the first swimmers of the season.

The crew, after having rowed out into deeper water, came back to the docks to change oars. They made the mistake of taking out all the oars and before they knew it they were sitting in the icy water.

The club this year is looking forward to great competition against the Green Lake Rowing Club of Seattle.

SCHOOL CURLING
The High School Curling Club has entered the final phase of its activities by sending representatives to a High School Bonspiel in Kamloops.

On Friday last, the school witnessed another feat of supremacy by the teachers. Pete Bulatovich led the teachers with two goals while goalie Chuck Bruce held a group of all-star indoor soccer players to one goal.

The teachers have another game lined up for next Friday when the Rowing Club will oppose them to claim supremacy of both land and water.

TRAFFIC DEATH UP
CHICAGO (AP) — Traffic accidents took 2,410 lives in the United States in February, a seven per cent increase over February of 1961, the National Safety Council reports.

He is being honored for the 1961 film Judgment at Nuremberg and for earlier films The Defiant Ones and On the Beach. The award is sponsored by a committee of producers.

CONTRACT BRIDGE

By B. JAY BECKER (Top Record-Holder in Masters' Individual Championship Play)

FAMOUS HANDS West dealer. North-South vulnerable.

NORTH
♦ 10 8 7
♥ A 9 7 2
♦ K 9 5
♣ J 8 7
EAST
♦ 6 4
♥ Q 8 4 3
♦ 8 7 2
♣ 10 9 6 2

SOUTH
♦ A 7 5 3 2
♥ 10
♦ A Q 7 6 3
♣ A 4 4

The bidding:
West North East South
1 ♠ Pass 1 ♠ Pass
Pass 1 NT Pass 2 ♠
Pass 3 ♠ Pass 4 ♠
Pass 4 ♠ Pass 4 NT
Dble. 5 ♠ Pass 6 ♠

Opening lead—king of clubs. Most players bid honestly and don't indulge in psychics. The great advantage the psychic bidder has is that his bids frequently come under suspicion by the opponents even when he bids normally, and this sometimes causes them to overbid to prevent something from being put over on them.

This deal was played in the match between Italy and the United States in 1951. I held the West cards and opened with a club. It wasn't much of a

hand, as hands go, but I think it would generally be regarded as a reasonable opening bid.

Apparently, the Italian North-South pair viewed my bid with suspicion because they eventually contracted for a slam on the sequence shown. Of course, my partner's diamond response wasn't strictly according to Hoyle, but he was no doubt influenced by the vulnerability. From then on, the Italian pair bid merrily along to six diamonds—at which point I doubled. This worked out all right (from my viewpoint) because South lost two spades and a club and went down two—500 points.

When the hand was played at the second table, with an American pair North-South and an Italian pair East-West, the bidding went:

West North East South
1 ♠ Pass 1 ♠ Pass
Pass 1 NT 2 ♠
Pass 3 ♠ Pass 4 ♠
Dble. 5 ♠ Pass 6 ♠

The bidding was normal at this table, except for West's double of four spades. It does seem that West should have passed, since he could not really point to four defensive tricks, and particularly since East was marked with a poor hand by virtue of his pass of one heart. Declarer here also lost only two spades and a club and thus made the doubled contract for a score of 790 points. The United States gained 1,200 points on the deal.

YOUR HOROSCOPE

FOR TOMORROW

Present planetary configurations are propitious for family affairs, social functions and group activities generally. The day is also an excellent one for financial and business transactions. All in all, a good period!

FOR THE BIRTHDAY

If tomorrow is your birthday, your horoscope indicates that the next year will be one of the best you have had in a long time, and that you should, therefore, capitalize on every available opportunity if you would gain all the benefits possible, not only between now and December of this year but even later, when secondary results of present efforts will be evident. Between now and the end

of this month, try to complete unfinished tasks, so that you can realize the stellar promise of good financial and job headway. There is also a likelihood of profiting through some new contacts. You will have to do your best, of course, but because of the Aries' expert handling of details, you should not have to drive yourself too hard in order to reap all the gains indicated. You can look forward to happiness in personal relationships, too—especially if you avoid tendencies toward irritability during August and take them in stride. Make it a point not to overtax yourself. A child born on this day will be intelligent, original in his thinking and extremely sensitive.

EVER HAPPEN TO YOU?

Alger Hiss 'Elated' At Nixon's New Book

NEW YORK (AP) — Alger Hiss found the typewriter on his night at a statement made an expert from the FBI typed in a new book by former vice-president Richard Nixon. He said he hoped the statement would clear him of the perjury charges that sent him to prison.

However, Nixon's chief researcher on the book said later the book was "an error made by a researcher" and had posing a Hiss motion for a new "slipped by" Nixon when he trial had sworn that the FBI was checking the book.

Nixon was the chief congressional investigator of Hiss. In 1950, Hiss, then a state department official, was convicted of perjury for denying he passed government secrets to the Soviet spy courier Whitaker Chambers.

The Nixon statement which Hiss hopes will vindicate him was first cited in an article by Fred Cook in the current issue of The Nation magazine.

Cook wrote that throughout the trials that led to Hiss' conviction that FBI maintained it never had possession of the typewriter on which Chambers charged Hiss' wife had copied government documents.

QUOTES NIXON'S BOOK

But Cook quoted Nixon's book, Six Crises, as saying:

"On Dec. 13 (1946) FBI agents

DEATHS

ENOUGH TO GET THEM POLLUTED

TORONTO (CP) — Reeve Marie Curtis says suburban Long Branch council will vote to sue the firm of Dakro Limited to court charged with polluting the air.

Residents of 26th Street complained that copper sulphate dust from the plant turns their property green and sometimes blue.

"We've pleaded, cajoled and threatened," the reeve said. "Now we'll go to court."

Dakro Limited makes anti-pollution equipment.

Canada Takes 20 Years To Repeal War Tax Rule

By DON HANLIGH
OTTAWA (CP) — It has taken Canada exactly 20 years to end a "temporary war measure" for taxation.

On April 1, 1942, the federal government began renting from the provinces their rights to levy and collect personal and corporation income taxes.

At the time, taxes were high and the step was considered necessary to finance the war effort. The provinces were soothed with a promise that later they could handle their own taxation.

At midnight tonight the "temporary expedient" will end. Over the years it has altered drastically in detail but not in the over-all concept.

Replacing this tax-rental system starting Sunday is a completely different arrangement—something akin to the pre-war

deals—under which Ottawa will back out progressively from bottom of the return they will part of the income tax field, leaving the provinces to make their own laws.

It won't make a great deal of difference to the taxpayer.

ACTS AS COLLECTOR
The turnover is being kept smooth due to Ottawa's offer to never entered the rental agency. Thus everyone still will send their income tax returns to federal collectors, except in Quebec where for years the province has collected taxes itself.

In any event, it makes no difference in filing tax returns this spring since the new deal does not apply during the 1962 taxation year.

Even then, except in Quebec, they'll file a joint 1962 tax return for both Ottawa and their

benefit, the provinces have had to pass legislation to take up the slack left by Ottawa. An important feature of the new deal is that the provinces are free to levy for an even higher tax share than is being vacated by the federal government.

Only Saskatchewan and Manitoba have decided to levy a larger share, with both taking a 22-per-cent share. Since that is more than the federal reduction, there will be a degree of double taxation.

For example, it means that a Manitoba or Saskatchewan resident with a \$500 tax liability for 1962 will get a reduction of 16 per cent or \$80 from Ottawa, but will have to pay \$110 to his provincial government.

As with personal income taxes, the new deal requires the provinces to levy their own corporation income taxes. The federal government is reducing its corporate tax rates by the nine-per-cent share it previously gave to the provinces.

Takeover Bid, Mining Sparked Stocks To Life

Canadian Press Staff Writer
A successful takeover bid and the return of vigorous activity in speculative mines brought some life to an otherwise dull stock market last week.

Control of Foundation Co. of Canada Ltd. was gained by Slater Steel Industries Ltd., ending nearly two weeks of speculation about the identity of the bidder.

On Wednesday, first day after the final date of the Toronto Stock Exchange annual audit, speculating mining issues took the spotlight.

Volume bounced up near the 6,000,000 mark, in contrast with previous daily averages of around 3,000,000. A handful of low-priced stocks churned though volumes of more than 100,000 each — Starratt Mines Thursday sold 620,100 shares. Other heavily-traded issues included Zenmac, Toronto, McWaters Gold and Pitch — Ore Uranium. Price changes, how-

ever, were less spectacular than the volumes. Northgate showed the best rise, gaining \$1.00 to \$7.20.

INDUSTRIALS DROP
Most industrial groups sagged while the speculatives spurted. Refining oils, associated pipelines and banks were weakest, and new lows for the year were registered with unusual frequency.

Imperial Oil dropped \$1.25 to \$48.50. Interprovincial Pipe Line fell \$1.50 to \$83.50 and Texaco dropped \$1.00 to \$55.00, its lowest this year.

Bank of Montreal was the biggest loser in its group, down \$1.75 to \$68.75. Nova Scotia fell \$1.62 to \$76.62, while Commerce, Royal and Toronto-Dominion all fell less than \$1.00. Tobacco stocks fell substantially. Imperial Tobacco dropped to a 1962 low of \$15.50 before recovering to \$16.00. Rothman closed at \$16.75, down almost \$1.00.

Senior base metals were lower on average but Hudson Bay Mining ignored the trend, rising to \$59.12, up \$1.62. International Nickel dropped \$1.75 to \$80.75; Noranda dipped almost \$1.00 to \$59.12.

Calgary and Edmonton were weakest among western oils, dropping \$1.87 to \$22.12. Fractional losses prevailed in the rest of the group. Golds slipped lower in quiet trading.

VOLUME JUMPS
Volume at Toronto was 22,908,570 shares compared with 14,030,668 last week. Dollar value was \$40,948,150 compared with \$35,483,579.

On index at Toronto, industrials dropped 3.65 to 621.77, golds 1.76 to 86.13, base metals .02 to 205.49 and western oils 1.88 to 117.43.

Volumes at Montreal: Industrials, 702,692 compared with 728,190 last week; mines 3,314,726 compared with 3,163,126. On index at Montreal: Banks off 48 at 70.34; utilities off 9 at 136.2; industrials off 1.6 at 345.4; combined off 1.3 at 275.6; papers off 2.1 at 513.8; golds up 58 at 76.73.

Liz Sends Eddie Note Via Courier

ROME (AP)—Elizabeth Taylor sent a courier to New York with a "personal message" to Eddie Fisher over the weekend and then took her three children by previous husbands on a date with Richard Burton.

Miss Taylor was protected against photographers by police and a broom-swinging chauffeur on her leisurely Sunday off from her film role as Cleopatra.

Burton, who plays Marc Antony opposite Miss Taylor in the film, was by her side in public for the second day running as they dined together.

Fisher, the slight singer who left Debbie Reynolds and his two children to marry the widowed Miss Taylor three years ago, was in the United States. He said everything was romantically okay in his life.

MESSAGE IS SECRET
Kurt Frings, agent for the couple, told reporters on arriving in New York Sunday that he had "a message for Eddie" from Liz. He would say only that it was "a personal message—a private matter."

Burton's wife and children went from Rome to England last week.

Miss Taylor and Burton, linked romantically in the gossip columns, went night-clubbing Friday night. Sunday she took her three children—Michael, 8, and Christopher, 6, by actor Michael Wilding, and Lisa, 3, by the late producer Michael Todd—to the seacoast town of Torvaianica, 20 miles southwest of Rome, for lunch. Burton showed up later driving his own car.

Blaze Kills 3 Children

WOODSTOCK, Ont. (CP) — Three of the five children of Mr. and Mrs. Hansy McDonald were killed early Sunday when a fire raced through their 1½-story home.

Mr. and Mrs. McDonald, sleeping in a downstairs bedroom, were awakened by smoke as the fire began to sweep through the frame house. Mrs. McDonald fled outside with Donna, 4, and Barbara, 12, both sleeping downstairs.

Mr. McDonald attempted to extinguish the fire which was spouting, he said, from the bottom of an oil space heater in the room where Donna and Barbara were sleeping.

The flames spread too rapidly and Mr. McDonald was forced to flee the house.

The three children who died all sleeping upstairs, were Marie, 11, Jimmy, 7, and Sheryl, 3.
